MyBudget Pty Ltd Melbourne

Since 1999, we have helped more than 130,000 Australians get on top of their money. Melbourne has been part of that story for years, and we are proud of every client we have supported in this city.

How Melbourne appointments work

You do not need to come to us. All Melbourne appointments happen by phone or video, at a time that suits you.

That means life does not have to stop for you to get help. You can speak with a Money Coach from your home, your car, your lunch break, or wherever you happen to be. We work around your schedule.

Here is what that looks like in practice:

- No trip into the CBD for an initial conversation
- Contact us to check available appointment times
- Access from anywhere in Melbourne. The CBD, Frankston, Werribee, Preston, Ringwood, Dandenong, Sunbury, Berwick, St Kilda, the Yarra Ranges
- Access to the same MyBudget service wherever in Melbourne you are; support comes from the team

Getting started is simple. You reach out, we find a time that works, and we take it from there.

Who we help in Melbourne

Melbourne clients bring the full range of situations we see across Australia. People contact us in many different circumstances. A free appointment can help you understand what may be possible. We listen to your circumstances without judging the path that brought you here.

Some of the situations that come up often:

- Cost of living pressure after several years of rising bills
- Mortgage stress in a city with high property prices
- Rent absorbing more of each pay than it used to
- Credit card and buy-now-pay-later debt that built up quietly over time
- Families juggling school fees, sport, and everyday extras
- People rebuilding after separation or divorce
- Higher-income households wanting to move faster toward an investment property or a comfortable retirement

Whatever your situation, the MyBudget Pty Ltd Method starts with a short free initial chat, then a separate, fuller free personalised budget appointment where the team builds a 12-month plan around your life, income and goals.

The 12-month plan gives you visibility over your money that most people have never had before. You will know where every dollar is going, when bills are due, and what is actually possible. That kind of clarity changes things.

Melbourne clients we have supported

Some of Australia's most well-known client stories connect to Melbourne. Kylie and Scott have been our clients for 18 years. They travelled to Melbourne for their newborn daughter Abby's emergency heart surgery during the lowest point of their financial and personal lives. We stepped in with their creditors so Kylie and Scott could focus entirely on Abby. Their story is one of the clearest reminders of why structured support matters when life gets hard. Read their story.

Stories like theirs are not unusual. Every day, real Melbourne families call us because they want things to be different. And every day, we help them take the first step.

Book your Melbourne appointment

It starts with a free initial chat so we can understand what you need. At your free, no-obligation budgeting appointment, usually around two hours, we analyse your income, living costs, bills, debts and goals. We explore practical options and build a personalised twelve-month budget and money strategy. The plan is yours to keep, whether you manage it yourself or choose our ongoing service.
